Career Objective:

To pursue a challenging career where I can utilize my Electrical & Electronic Engineering knowledge, technical skills, professional experience, and management abilities to contribute effectively to organizational success. I am eager to apply my problem-solving, teamwork, leadership, and communication skills while continuously learning and developing professionally.

Career Summary:

Electrical & Electronic Engineer with practical experience in substation operations, sales and management, data processing, work planning, and supply chain coordination. Completed a one-month internship at DESCO with exposure to 33/11 kV substation operations, control room activities, field visits, and reporting. Trained in AutoCAD Electrical, GIS, and Power System Network Analysis (PSNA), with working knowledge of ETAP, MATLAB, MS Office, and AI Tools & Automation.

Experience:

1. Dhaka Electric Supply Company Ltd. (DESCO)

Position : Internee Engineer

Department : Systemic and Commercial Operation

Location : Uttara (West), Dhaka

Duration : 1 Month (February 2023 – March 2023)

Responsibilities:

- ✓ Operating and Maintenance of 33/11kV substation.
- ✓ Control Room Activities.
- ✓ Field visit and analyze the daily report.

2. Ventech Digital

Position : Executive Officer

Department : Sales and Management

Location : Remote Job (Online)

Duration : 2 Years 1 Month (January 2023 – January 2025)

Responsibilities:

- ✓ Able to categorize and pre-process large datasheets.
- ✓ Production capacity forecast for the marketing team.
- ✓ Prepared work plan based on Manpower and time accountability.
- ✓ Execute the whole chain, from order receipt to sale.
- ✓ Properly maintain the supply chain by communicating with the higher officials and teams.
- ✓ Reporting to the management on all target vs achievement issues.
